## FROM YOUR TOWN COMMISSIONER

To the Inhabitants of the Town of Blaine:

At this time last year the Emergency Municipal Finance Board expressed a desire to operate for the current fiscal year in a spirit of cooperation with the citizens and taxpayers of the town of Blaine, to reduce expenditures of the town as much as possible and to create a fund which may in the future be used to pay the outstanding debts of the town. It is the opinion of the board that these three aims have been accomplished satisfactorily in the past year.

The following report will not include any statement as to the legal obligations of the town and the board is taking this method of explaining the reason for that omission. Under section 10 of the Emergency Municipal Finance Act the Equity courts of the State of Maine are given the power to determine what the legal obligations of the town are. It is therefore obvious that the board has no authority to express an opinion as to the extent of these obligations.

Regarding taxes now due the town of Blaine, it may be said in general that there are two methods which will be used to enforce payment unless payment is made voluntarily. In the first place real estate taxes will be secured by tax liens placed on the property and you should understand that these liens when placed constitute a first mortgage of the property and automatically foreclose eighteen months from the date they are recorded. To avoid unpleasantness and the necessity of taking possession of real estate so taxed every effort should be made to keep these real estate taxes paid up. In the second place personal property and poll taxes may be collected by causing the arrest of those delinquent taxpayers. It is the hope of the board that there will be few occasions where this will be necessary. If you are one of those who fall into either of these classes it is hoped that

a careful reading of this paragraph will suggest the correct way to save yourself a great deal of difficulty.

The board wishes to take this opportunity of expressing its appreciation for the fine spirit of cooperation which you as citizens and taxpayers of Blaine, have shown towards its operation. The Town Commissioner, personally would also like to take this opportunity to thank the citizens of Blaine for their many courtesies extended him during the past year. The Town Commissioner would also like to express his keen appreciation for the able assistance and advice which he has received from the Selectmen, School Committee, Supt. of Schools and other Town Officials and in particular for the excellent cooperation of the Assistant Commissioner.

Very sincerely,

Emergency Municipal Finance Board

By: JAMES P. ARCHIBALD, Commissioner

## REPORT of SUPERINTENDENT of SCHOOLS

To the superintending school committee and citizens of the town of Blaine:

Pursuant to Chapter XVI of Section 59 of the Laws of Maine, I am pleased to submit herewith my second annual report as superintendent of Blaine schools.

The schools opened for the fall term on October 3rd with a registration in the elementary schools of 226 pupils. There have been two changes in the teaching personnel for this year. Mr. Harland Abbott, a graduate of Farmington Normal School, is serving his first year as principal of the Robinson Grammar School. Although this is his first year of teaching, he is doing a very acceptable piece of work in this school. Mrs. Hazel Gray was elected as teacher of the third and fourth grades in Blaine Primary School and she, also, is doing very well in this school. Every effort should be made to keep teachers who are doing good work for a period longer than one year. Too frequent changes in teacher personnel are a detriment to the efficient progress of any school system. The statistical chart following this report shows the teachers, their locations, their salaries and the number of pupils.

Due to an unexpectedly heavy enrolment in the sub-primary grade this past fall, it was found necessary to make some change in the room occupied by Mrs. Belyea. After considerable study it was felt that the only feasible solution was the one that is now in operation; i.e. the second grade attends school all day, the sub-primary attends in the morning, and the first grade attends in the afternoon. There is a total of 58 pupils in this room, under the conditions as stated above. I am happy to state that in spite of this handicap the pupils are showing a marked progress. If there should be a heavy enrolment this coming fall in the sub-primary group, it will be necessary to take steps to alleviate the

burden on the teacher.

Some much needed repairs have been made in the Blaine Primary Building. The inside of the building has been completely redecorated and the third and fourth grade room had new inside walls installed; new curtains also have been installed throughout. Due to the generosity of the Department of Education in Augusta which allocated to us \$150.00 from its special project fund, it was possible to install a new lighting system in the building. Blaine people should feel proud of this building as it is at the present time as well equipped and arranged as practically any school in Aroostook County. The heating plant in the Robinson school was repaired during the summer vacation; a much needed job. The school house heats much easier than it did last year. This coming year the inside of the Robinson school house should be renovated; some inside work should also be done on the Flagstaff School; new blackboards should be installed in the Town hall School. The superintendent is happy to state that steps have been taken to improve textbooks and reference materials throughout the schools and feels that a good start has been made. However, there is still much to be done.

I wish to take this opportunity to express my appreciation to the teachers, school and town officials, and all others who have contributed to the welfare and progress of Blaine Schools.

Respectfully submitted,

LLOYD H. ROBINSON

Supt. of Schools

## RECOMMENDATIONS FOR 1940 APPROPRIATIONS

General Government: This includes Officers' Salaries, Incidental Government Expenses are to be paid from incidental receipts, excise tax, etc.	\$2,000.00
Fire Protection: This figure is based on an agreement with the Mars Hill Fire Department, \$125.00 payable quarterly.	500.00
Street Lights: This figure is estimated on a review of last year's street lighting bills.	350.00
Hydrant Rental: This is a fixed rate with the Mars Hill & Blaine Water Co.	65.00
Maintenance of Summer Roads: This appropriation is for the unimproved roads and includes graveling, road machine work, bridge repairs, etc.	500.00
Maintenance of Winter Roads: This includes erecting and taking down snow fence, cost of labor for plowing, opening roads, etc. It is supplemented by State reimbursement for plowing accepted roads.	500.00
State Aid Maintenance: This is based on a fixed rate per mile for maintenance of the State and State Aid roads by the State Highway Commission.	450.00
State Aid Roads: This appropriation is known as a unit and one-half, the State matching the appropriation \$2.00 for every \$1.00 raised by the town. The State Highway Commission advises that they will only have sufficient funds to match one and one-half units.	799.50
Snow Fence: This appropriation is required to keep the accepted highways properly fenced.	250.00
Third Class Maintenance: This is a compul-	

sory fund that the town must raise in order to receive the State Apportionment for Third Class Construction.	306.00
Snow Removal Equipment: This appropriation is necessary to pay on a contract for the purchase of the tractor and snow plow.	2,000.00
Charities: This figure is based on estimate from last year's expenditure.	2,000.00
Town Relief Labor: This is used as a "stop gap" to help border line cases from being pauperized and may also be used as a W. F. A. sponsor contribution in the event that Blaine should have a W. P. A. Project.	500.00
Board & Care of Committed Children: This appropriation is based on the figures obtained from the Bureau of Social Welfare. The town pays 2/3 of the cost of supporting committed children.	1,500.00
Aid to Dependent Children: This is based on figures obtained from the Bureau of Social Welfare. The town pays one-half the cost of this class of relief.	1,000.00
Common Schools: This appropriation includes teachers' salaries, fuel, lights and telephone, janitors' and conveyors' salaries, and is arrived at after taking into consideration what the town received from the State School Fund and State equalization.	4,800.00
High School Tuition: This is an approximate figure of what the town will have to pay A. C. I. and is based on an estimate of the number of pupils attending A. C. I. next year and takes into consideration the unexpended balance.	3,200.00

Textbooks, supplies, repairs and Supt. of Schools: Estimated from last year's ex- penses and suggestions of the Supt. of Schools.	950.00
Discounts and Abatements: This figure is estimated on bases of last year's expen- ditures and as far as discounts are con- cerned it is really in the form of interest payable to your own taxpayers who pay their taxes on discount periods.	350.00
Aroostook Central Institute: Blaine owns 1/3 of the Institute building and Mars Hill is proposing an appropriation of \$1,000 as its share of a \$1,500 repair project on the exterior of the building.	500.00
Accounts Payable: The rule of the board this year is to appropriate from 10% to 12% of the committment for a sinking fund.	3,000.00
